# Safe Harbor – Forward Looking Statements

You should be aware that except for historical information, the matters discussed herein are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward looking statements, including projections and anticipated levels of future performance, are based on current information and assumptions and involve risks and uncertainties which may cause actual results to differ materially from those discussed herein.

In addition, we use metrics such as Adjusted EBITDA and Income from Operations without Special Items throughout this presentation, which are non-GAAP measures.

You are urged to review all of our filings with the SEC and our press releases from time to time for details of risks and uncertainties that could cause future performance to vary from the expectations expressed or implied by the forward-looking statements herein and for certain reconciliations of GAAP to non-GAAP results.
