

STANDARD MOTOR PRODUCTS, INC.

CLAWBACK POLICY

(Adopted as of February 28, 2011)

In the event of a restatement of the financial results of Standard Motor Products, Inc. (“Company”) due to a material noncompliance with any financial reporting requirements, the Compensation and Management Development Committee (“Committee”) of the Board of Directors, on behalf of the Company, shall be entitled to recover from all current and former executive officers any incentive-based compensation that would not otherwise have been awarded to such persons under the as-restated financials during the three (3) years preceding the date of the restatement. The Committee shall also be entitled to recover any compensation (which has not already been recovered under the prior sentence) received by the Chief Executive Officer and Chief Financial Officer that is required to be recovered by Section 304 of the Sarbanes-Oxley Act of 2002.

The Committee shall have sole discretion in determining the manner in which it seeks to recoup any incentive-based compensation of an executive officer. The Committee may take into account any considerations it deems appropriate, including whether the assertion of a claim by the Company may violate applicable law, and the cost and likely outcome of any potential litigation in connection with the Company’s attempts to recoup incentive-based compensation.

For purposes of this Policy, (a) executive officers shall be deemed to be those officers who are subject to Section 16 of the Securities Exchange Act of 1934 or as otherwise defined by the SEC, and (b) incentive-based compensation shall include stock options and any other compensation as defined by the SEC. In addition, the Committee shall require each executive officer of the Company to comply with, and agree to the terms and conditions of this Policy as a condition to appointment and continuation in service as an executive officer of the Company.

The Committee shall have full and final authority to make all determinations under this Policy. All determinations and decisions that the Committee makes in connection with the provisions and administration of this Policy shall be final, conclusive, and binding on all persons. These remedies will be in addition to any actions imposed by law enforcement agencies, regulators, or other authorities.
